

# ABAD

## Delta Training for ARIS Business Designer/Architect

### INTRODUCTION

If you are an experienced ARIS user of version 7.02 this training will train you in all the new and improved features and functionality for Business Process Excellence in ARIS 7.1. Invest one day learning about all the new features instead of trying and playing by yourself and still missing something exciting.

### BENEFITS

The aim of this training course is to familiarise delegates with the new features and functionality of ARIS Business Designer und ARIS Business Architect 7.1. You will be able to support your company's processes and structure in the best possible way with ARIS 7.1.

### METHOD

A lecture, practical exercises on the system and discussion.

### REQUIREMENTS

Previous participation in the training course Business Process Modelling with ARIS Business Designer (ABD) and ARIS-Projects with ARIS Business Architect (ABA) comparable knowledge.

### COURSE CONTENT

- New features and improvements in ARIS Business Designer and ARIS Business Architect
- New and improved modelling graphics
- New and improved modelling functionality for matrix creation and management
- Creating WYSIWYG (What You See Is What You Get) ARIS Reports
- Improved LDAP-Integration (Lightweight Directory Access Protocol)
- Version management with ARIS Business Architect (new feature)

### COURSE DURATION

One days.

**NOTE:** This training course is not suitable for beginners in ARIS without any previous knowledge and experience.
